Brake Rotors From the People's Republic of China: Initiation of New Shipper Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce has received a request to conduct a new shipper administrative review of the antidumping duty order on brake rotors from the People's Republic of China. In accordance with 19 CFR 351.214(d), we are initiating this administrative review.

EFFECTIVE DATE: May 22, 1998.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Sunkyu Kim, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone (202) 482-1766 or 482-2613, respectively.

Applicable Statute and Regulations

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce ("the Department") regulations are to the provisions codified at 19 CFR part 351 (62 FR 27295, May 19, 1997).

SUPPLEMENTARY INFORMATION:

Background

The Department has received a timely request from Yantai Chen Fu Machinery Co., Ltd., ("YCFM"), in accordance with 19 CFR 351.214(d), for a new shipper review of the antidumping duty order on brake rotors from the People's Republic of China ("PRC"), which has an April anniversary date. YCFM ("the respondent") has certified that it did not export brake rotors to the United States during the period of investigation

("POI"), and that it is not affiliated with any exporter or producer which did export brake rotors during the POI.

In accordance with section 751(a)(2)(B) of the Act, as amended, and 19 CFR 351.214(b), and based on information on the record, we are initiating the new shipper review as requested.

It is the Department's usual practice in cases involving non-market economies to require that a company seeking to establish eligibility for an antidumping duty rate separate from the country-wide rate provide *de jure* and *de facto* evidence of an absence of government control over the company's export activities. Accordingly we will issue a separate rates questionnaire to the above-named respondent, allowing 30 days for response. If the response from the respondent provides sufficient indication that the YCFM is not subject to either *de jure* or *de facto* government control with respect to its exports of brake rotors, this review will proceed. If, on the other hand, YCFM does not demonstrate its eligibility for a separate rate, then YCFM will be deemed to be affiliated with other companies that exported during the POI and that did not establish entitlement to a separate rate, and this review will be terminated.

Initiation of Review

In accordance with section 751(a)(2)(B)(ii) of the Act and 19 CFR 351.214(d)(1), we are initiating a new shipper review of the antidumping duty order on brake rotors from the PRC. On May 11, 1998, YCFM agreed to waive the time limits in order that the Department, pursuant to 19 CFR 351.214(j)(3), may conduct this review concurrent with the first annual administrative review of this order for the period October 10, 1996-March 31, 1998, which is being conducted pursuant to section 751(a)(1) of the Act. See, Antidumping Duties, Countervailing Duties; Final Rule, (62 FR 27295, 27395, May 19, 1997). Therefore, we intend to issue the final results of this review not later than 245 days after the last day of the anniversary month.

Antidumping duty proceeding	Period to be reviewed
PRC: Brake Rotors, A-570-846: Yantai Chen Fu Machinery Co., Ltd ...	10/10/96-03/31/98

We will instruct the U.S. Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for

each entry of the merchandise exported by the above listed company. This action is in accordance with 19 CFR 351.214(e) and (j)(3).

Interested parties that need access to the proprietary information in this new shipper review should submit applications for disclosure under administrative protective orders in accordance with 19 CFR 353.34(b).

This initiation and this notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.214(d).

Dated: May 14, 1998.

Maria Harris Tildon,

Acting Deputy Assistant Secretary, Import Administration.

Ferrosilicon From Brazil: Notice of Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Administrative Review.

SUMMARY: On January 16, 1998, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on Ferrosilicon from Brazil. This review covers exports of this merchandise to the United States by one manufacturer/exporter, Companhia de Ferro Ligas da Bahia, during the period March 1, 1996, through February 28, 1997.

We gave interested parties an opportunity to comment on the preliminary results. Based on our analysis of the comments received, we have not changed the final results from those presented in the preliminary results.

EFFECTIVE DATE: May 22, 1998.
